

ORWAK BOTTLE BREAKER BABY JAWS

UNDER THE COUNTER BOTTLE BREAKER THAT ALLOWS STAFF TO REDUCE VOLUME BY UP TO 80 % DIRECTLY AT THE BAR! IDEAL FOR BARS, HOTELS AND RESTAURANTS!

The BB01 or 'Baby Jaws' is a low-noise, stand-alone glass bottle breaker that will generate savings on labor, storage space and on waste glass disposal costs. The machine starts automatically as the glass bottles are fed and the broken glass is collected in a box within the machine itself. Simple and safe to use!

BB01

Safety

Orwak benefits

MORE PRODUCTIVE USE OF TIME

Less time spent on waste handling, more time for your core activities!

MORE SPACE & ORDER

Our equipment rapidly minimizes the space the waste takes up, keeping aisles free and tidy.

LESS COSTS, MORE VALUE

More compaction = less waste volume to transport. Fewer collections required results in lower transportation costs and reduced CO₂ emissions. Sorting at source yields a higher quality of waste material for recycling.

Why the bottle breaker?

- + Reduces glass disposal costs
- + Frees up space otherwise used to store empty bottles
- + Reduces the workload for staff, no more segregating empty glass bottles
- + Cullet is reprocessible into new bottles

ORWAK

BOTTLE BREAKER

BABY JAWS

Effective Waste Glass Breaker

BB01/BABY JAWS IS OPTIMIZED FOR:

GLASS

+ Empty glass bottles

Developed for use in the hospitality industry

BREAKS BOTTLES DIRECTLY AT THE BAR

It fits perfectly under a standard height bar counter and allows staff to break the waste glass bottles as they are poured or as the empty bottles are returned from the floor.

Breaking waste glass bottles at the point of production saves both space and time and keeps staff focused on serving customers rather than managing waste glass bottles in the bar area. It is a very simple, safe and convenient way to handle and dispose of glass bottles.

SIGNIFICANT COST REDUCTION

'Baby Jaws' is the only under counter bottle breaker of its kind on the market and is developed for the hospitality industry.

It dramatically reduces the labor cost associated with managing waste bottles, the frequency of glass collections required and the overall waste glass disposal costs for your business.

Low height, fits under the standard bar counters

The broken glass/cullet is safely collected in a box inside the machine.

SMART DESIGN - VALUABLE FEATURES

- + Reduces bottle volume by 5:1 or 80 %.
- + Breaks bottles up to 0.27 gal (1 L) in volume
- + Cullet collected in tote box holding up to 95 bottles equivalent of broken glass
- + Durable powder coat finish
- + Mobile for easy movement
- + Low noise operation
- + Energy efficient
- + Full bin warning system
- + CE certified product
